

# Security PIR with SMS Text Alerts

**S-PIR will inform you immediately by SMS when an intruder enters your home, garage, workshop, caravan, boat, holiday home or business premises.**

- Send to five different mobiles
- Listen in with built-in microphone
- Battery-backup in case of mains fail
- Arm / Disarm just by ringing
- Free PAYG SIM card included

### Simple set up just by text message

- S-PIR detector discreetly monitors your home, garage, office or shop and sends you a SMS message when activated. It can send a message to you, your neighbour and three other numbers.
- S-PIR has a built-in microphone and will call you after the SMS alert to enable you to listen at the remote location.
- S-PIR has a built-in rechargeable battery and will inform you of main power fail plus keep the unit active for a few hours until the main power resumes. (SMS alert of power fail).
